Why Sponsor?

Sir José's work in South Africa for over two decades has left an indelible mark, creating sustainable livelihoods for orphan youth and their caregivers through education and entrepreneurship. His exceptional leadership and management skills led to establishing a pioneering non-profit organization, which continues to thrive under the guidance of the people it once served. By empowering children, caregivers, and aspiring entrepreneurs, José ensured that the programs he initiated would be self-sustaining and driven by the people whose lives they had transformed. As a Co-Founder of Ubuntu Community Catalyst, José brought that same caring spirit to the work of Ubuntu Community Catalyst. His enduring legacy is a testament to the power of compassionate leadership and the lasting impact of giving others the tools to succeed.

By supporting this event, you will celebrate Sir's extraordinary life and advance Ubuntu's commitment to improving vital conditions for health and well-being. This is a unique opportunity to be part of a meaningful tribute and a driving force in the ongoing transformation that Sir envisioned, a transformation that is more crucial than ever for our community.
